A Splintered History of Wood is a passionate and personal exploration of nature's greatest gift: wood. In the successful tradition of books such as Salt and Cod, writer and carpenter Spike Carlsen explores the history, versatility, and special appeal of something we use everyday but take for granted in this comprehensive and dynamic

[A Splintered History of Wood by Spike Carlsen](#)

In a world without wood, we might not be here at all. Without wood, we wouldn't have had the fire, heat, and shelter that allowed us to expand into the colder regions of the planet. If civilization somehow did develop, our daily lives still would be vastly different: there would be no violins.
